

Breeding conditions: Nixon van't Meulenhof

1) Semen from the stallion Nixon van't Meulenhof will be offered as fresh semen from 15 February 2023 to July 31,2023. The semen can be collected or dispatched.

2) Stud fee:

850 Euro per dose fresh semen (*)

650 Euro per straw frozen semen

(*) fresh semen only possible prior arrangement, during any show breaks.

All prices are exclusive of VAT, transport costs and health certificates.

3) The mare owner receives the semen from Nixon van't Meulenhof after payment of the stud fee.

4) The mare owner receives a cover certificate for the mare when the mare is in foal.

5) If, due to circumstances, no fresh semen is available from the stallion Emerald (for example, due to disease of the stallion, sport-related impediments, injury or fertility issues, not exhaustively summarized), frozen semen will be delivered. Under no circumstances shall the mare owner have the right in such case to question the reason why frozen semen is supplied instead of fresh semen and the mare owner must accept the frozen semen in the same number of insemination doses in which the fresh semen would normally have been supplied (i.e. 1 dose of fresh semen = 1 straw of frozen semen, even if the quantity in ml differs depending on whether the semen is fresh or frozen).

6) ICSI - It is possible to purchase an ICSI straw or to start an ICSI procedure. Please ask for our specific sales conditions.

7) By ordering and purchasing semen, the mare owner declares that he has taken cognizance of these conditions and that he fully agrees with these breeding and payment conditions.

8) Orders fresh semen before 9am
